# HIGHLIGHTS FROM BUSINESS MEETING

**1<sup>st</sup> June 2021**

**19<sup>th</sup> June is the day for our Shortest Day Market in Havelock Town Hall and Market Director Pam is gearing up for the day. Thanks to Matt donating his time to certify them, we can now sell electrical goods and others are making preserves and pickles for the Market. Please check if you have any goods you no longer use and will donate for the Market**

**The combined Leo meeting was shifted to the Rai Area School from the Domain, in view of the terrible weather that Sunday. Leos from Marlborough Girls and Boys Colleges, as well as our own Leos and their visitors from Rangiora Leo Club had a great morning and Hazel, Carol, Deb provided a great lunch with the inevitable Sausage sizzle. Congratulations and thanks to Siobhan and Debbie Upsell, a teacher from Rai, who supervised the weekend with Kirstyn Barnett and a teacher from Rangiora. The Rangiora Leos left at 1pm, proudly holding the Leo trophy which we will challenge for next year.**

**The MD Secretary has advised that the Rai Leos have been successful in obtaining a Bunnings environmental grant of \$1000. The application was put together by Leo Club President Katie Roeske and she was congratulated on the high standard of her application.**

# HIGHLIGHTS FROM BUSINESS MEETING

Tail twister John has deferred our Club visit to the Blenheim Club until August. He will give details at our Dinner Meeting.

The Board is working on two of the “must do” items coming out of the review of our activities. Further information on our Midwinter feast for Lions and friends and on our Bingo night will be sent out after our July Board Meeting. Carol is to meet with Vision 2020 Trustees at their next meeting to discuss the cooking classes for youth and elderly which the Board are supporting.

The Marlborough District Council have asked organisations to submit photos for National Volunteer week and the Board has decided to submit three. Hopefully, they will appear in the montages celebrating the week.

It is that time of the year again, and the Board hope that Allan will run another of his “how to prune fruit trees” for the community. We will be taking names at our Changeover meeting.

Applications for partial sponsorship to attend Outward Bound are now being sought. They will close on 18<sup>th</sup> July. If you know of a young person, preferentially someone aged between 18 and 26, who will benefit from the 21-day course, please put them in touch with Lion Debbie. This year the criteria has slightly changed. The application will be required to contribute to the cost- preferably 1/3<sup>rd</sup> and they must undertake to assist in one of our projects.

# INGLIS STREET THOUGHTS

It is pretty, commonplace to say where has the year gone, but it is true. Seems like yesterday when DG Paul O'Connor presided at our Changeover, now those of us who are remaining on the Board are thinking on our individual goals for the 2021-2022 year.

I am fortunate to have so many Board members willing to serve a further year. We have worked well together this year and that, plus the dedication of our members, have been fundamental to a successful year.

Please give serious contribution to attending the Information Seminar which will be held in Clubs of Marlborough 10am -3pm on Sunday 20<sup>th</sup> June.

It has been designed for all members, not just our Club Officers. I have heard excellent comments from those who went to the Cheviot and Ferrymead ones. They included "really enthusiastic about joining in - it provided a bit of balance with the more "sit and listen" sessions", "I've been coming to these for 40 years, and this is the best one I've ever been to", "Thank you – I got a lot out of that".

As an added attraction, Liz will be leading a session- come along and support her. Excellent to see our Club working in partnership with Vision 2020 in exploring running a cookery class for the elderly and young. This is an example of Lionism at its best and it will be just one of the community service activities we have been involved in this year. Let's aim to increase our service activities next year.

Ian Cameron.

# IN HAVELOCK LIONS NEWS THIS MONTH

## Hunger

We serve to improve human flourishing. We see how the global hunger and nutrition crisis bears upon our local communities, and believe true community improvement depends on the thriving of its members.

### Hunger Facts

815 million people affected by hunger in 2016: 11% of the global population  
155 million children under age five are stunted due to chronic malnutrition  
1/3 of annual food production is lost or wasted throughout the supply chain  
33% of women of reproductive age suffer from anaemia

### We Have a Plan

Lions and Leos serve to improve human flourishing, and we see how the global hunger and nutrition crisis bears upon our local communities. We believe community improvement depends on the thriving of its members.
