LLOYD MORGAN LIONS CLUBS CHARITABLE TRUST NZ

Bulletin #2
Bulletin editor PDG Wendy Goodwin

In February and August District and Advisory trustees meet at the Wellington base of Life flight.

Chairman PID Eric Carter

District 202K PDG Brian McMillan, District 202L PDG Mike Smith

District 202D PCC Megan England, District 202M PCC Jo Cameron

District 202E Ian Lennie, District 202j PDG Jim Pine, District 202F PDG Wendy Goodwin

Secretary PDG Alice McDonald

Finance DG Steve Bennet, Lion Will Latta, PDG Roger Robinson

Loans and Grants Joyce Mc Millan

Policy and procedure Robert Millar

Legal PDG Murray Pringle

International Director Graeme Wilson

As International Director for Constitutional Area 7, it has been a privilege to return to the Lloyd Morgan Lions Clubs Charitable Trust over the past two years, serving once again as part of this remarkable organisation. I will continue to support the Trust Committee until the next International Director is appointed from New Zealand, and I am honoured to contribute through my role on the Grants Committee. Few responsibilities give me greater satisfaction than helping to approve a worthy grant, knowing that each decision directly strengthens a community and reflects the generosity and service spirit of Lions. It is a genuine honour to be involved with such a meaningful and impactful Trust.

Service worth celebrating

District 202L

Pāpāmoa Volunteer Fire Brigade will soon be able to reach emergencies in areas where a fire truck can't go thanks to some hefty fundraising work by its local Lions Club.
Pāpāmoa Lions Club presented the brigade with a new Polaris Ranger 570 side-by-side ATV on September 26 at the fire station on Parton Rd. Pāpāmoa Lion Steven Jensen said his club spent two years fundraising and applying for grants to raise the $60,000 to purchase the ATV. "Lion Margaret Brasting spent a considerable amount of time applying for grants," he said. "This made the fundraiser one of our club's biggest projects in recent years."
Brasting, the Project Committee team leader, brigade chief Arron King approached the Lions in May 2024.
"With this equipment the brigade could provide an improved emergency response to the community and neighbouring communities in the wider Tauranga area where the terrain is inaccessible by standard road vehicles including fire tender trucks provided by Fire and Emergency New Zealand," she said.
"These areas included the sand dunes from Kaituna River in the east along the beach to the Mount, Pāpāmoa Hills, plus cycleways and walkways in our community," Brasting said.
"It seemed like it was a project for the community - and that was important."
In June 2024 Pāpāmoa Lions took on the project. "A committee of Papamoa Lions and Leos from the Pāpāmoa College Leo Club was set up with the goal to purchase the ATV," Brasting said.

"Pāpāmoa brigade members were appointed to the committee to provide technical advice, and Mount Maunganui Lions Club gave their support."
The project was named ATV4PAPAMOA with the slogan 'Our Beach, Our Brigade, Our Safety. Fundraising began October 2024 with the Flying Mullet Papamoa Hill Climb.
The Lions also invited the Pāpāmoa community to donate via Givealittle page and schools were asked to assist with fundraisers. Other money-earners included two sandcastle competitions in January 2025 and 2026 supported by Tasman Holiday Park, a quiz night at The Flying Mullet Sports Bar and an Amazing Race Challenge.
In addition, a substantial donation was made by a Pāpāmoa resident, and $37,700 came from the following Lions Grants: the Lions District 202L District Banking Trust gave $10,000, Lloyd Morgan Lions Clubs Charitable Trust gave $10,000, and the Lions Clubs International Foundation - a matching grant which converted to $17,770 when received - was US$10,000.
"This Lions funding was specifically for the equipment. Additional money from the community enabled the project to provide funds for specialist training and additional helmets," Brasting said. "Any surplus would assist with brigade to improve the station's garage facilities." The ATV was supplied by Action Equipment 2016 Ltd and the trailer was built by Norris Engineering in Te Puke. "The support and advice from these two firms was exceptional."
King said his crew of 20 are learning to operate the ATV: "It will be used to support firefighting operations and medical events in hard-to- reach areas."
This will include rural areas such as Papamoa Hills Regional Park and beaches. "I've been with the brigade for more than 20 years and we've had calls to the beach, where we've had to walk it. We've also had rural calls where we've had to call for resources from further afield to support, which leads to delays in response."
King said the ATV would be available to wider Tauranga's emergency services should a district-wide event occur.
"We can use it to transport emergency services equipment and personnel, if the need occurs."
The ATV came complete with accessories - a winch and floodlights for 24-hour use - and a transport trailer.
"We are very grateful to the Pāpāmoa Lions Club and the Pāpāmoa community for supporting this project."

202M Disaster Relief Grant following severe flooding on 21 January 2026 affecting the Gisborne District/Tairāwhiti and the Wairoa District on the East Coast.

Copy of the letter received from DG Leon Downes, dated 3rd March 2026

Dear Trustees,

On behalf of Lions District 202M, I wish to formally acknowledge and sincerely thank the Lloyd Morgan Charitable Trust for your generous emergency grant following the devastating flooding that struck our district on 21 January 2026.

The scale and speed of the flooding left many families displaced, isolated, and without access to essential supplies. Entire communities were cut off, homes were damaged, and critical infrastructure was impacted. In these moments, the strength of community partnerships become paramount - and your support enabled Lions to act immediately and decisively.

With the assistance of your grant, we were able to coordinate emergency relief efforts focused on:

- The preparation and distribution of emergency food parcels
- Essential household supplies for displaced families
- Rapid response coordination in affected and isolated communities

In particular, food parcels were helicoptered into the most isolated areas, ensuring vulnerable residents received urgent support when road access was unavailable.

The speed at which this was mobilised made a tangible difference to families facing extremely difficult circumstances.

I would like to formally acknowledge our District Governor Elect, Debbie Beuth, whose leadership during this emergency was exceptional. Her coordination, communication, and calm under pressure ensured resources were deployed effectively and efficiently.

I also extend my sincere appreciation to the Gisborne Lions Clubs. Their compassion, professionalism, and hands-on support on the ground demonstrated the very best of Lions service. They worked tirelessly to assess needs, distribute supplies, and support displaced families with dignity and care.

This response reflected Lions at its strongest - practical, responsive, and community-driven. However, it would not have been possible without the financial support and trust placed in us by the Lloyd Morgan Charitable Trust.

Your investment directly supported people in crisis at a time when they needed it most. On behalf of every family assisted, and every Lion who served, thank you for standing alongside us.

Yours sincerely,
Leon Downs
202M District Governor 25/26

District 202F

Clyde and Districts Lions Club Garden project

In early 2024 Contact energy approached Clyde and Districts Lions Club re the use of approximately 2 acres of flat land at the base of the Clyde Dam. It had recently been decommissioned after being developed as a series of containers on concrete supports for a 2nd party as a data processing unit.

It was decided that the area would make a good garden as the concrete bases were still in place and plans were initiated for a garden development spearheaded by Bill Batt.

Over winter and early spring of 2024 our members met regularly and thanks to lots of community support with free and heavily discounted building materials etc 2 x double plots and a single plot were built. They were filled with topsoil and mushroom compost; bird netting and a watering system were also installed. In late spring strawberries, brassicas, peas, beans, onions and pumpkins were planted and a good amount of vegetables were produced and either sold or placed in the Alexandra/ Clyde Pantries.

Following additional monetary support including a Lloyd Morgan contribution and further discounted purchasing an extended development was undertaken in 2025. Thanks to a huge amount of work done by Bill on his little digger all the concrete bases had been built and filled resulting in 8x double plots and 1x single plot being operational by Spring 2025. A large crop of potatoes, pumpkins, and a small crop of corn, strawberries and garlic were planted. The produce from these crops has all been sold or placed in the Alexandra/Clyde Pantries.

A shed and container have also been placed on site and been renovated, - a bonus for our club being that we now have somewhere to securely store our belongings which includes many donated garden tools.

We thank Lloyd Morgan for their valuable contribution which made the timely completion of this project possible.

Lloyd Morgan grant towards the new surround for the Amberley Bowling Club.

The new green and surround have come out exceptionally well and is now a great asset to the wider community, with several new members as a result already.

Our Glenmark Lions again wish to pass on our appreciation to the Lloyd Morgan Trust and pass on sincere thanks from the Amberley Bowling Club.

District 202D

Lloyd Morgan Lions Clubs Charitable Trust donation recently assisted the New
Plymouth RDA (Riding for the Disabled) with the purchase of a fertiliser spreader.
Probably not the biggest of grants or projects but a very useful one nonetheless!
RDA provide a valuable service to the disabled community in New Plymouth by
providing interaction with horses to improve health and wellbeing. But horses eat lots
of grass, which needs a bit of help with regular fertiliser application. So with their old
fertiliser spreader on its last legs, RDA approached Lions with a request for funding.
New Plymouth Central Lions approached other clubs in the zone (Bell Block and
Districts, Inglewood, New Plymouth Pakeke), and between them they managed to
come up with most of the money required. The Lloyd Morgan Lions Club Charitable
trust topped up the contribution to the tune of $1100, along with a generous personal
donation from a local Lions member.
Hopefully it will help keep the horses fed for many years to come! Lloyd Morgan Lions Clubs Charitable Trust donation recently assisted the New

Hawera Mt View Lions, with the help from other clubs, (Normanby, Hawera, Eltham, Kaponga, Patea) were able to support the purchase and installation of three ceiling hoists for Trinity Rest Home in Hawera thanks to a grant of $9400 from Lloyd Morgan Lions Club Charitable Trust.
Trinity Home and Hospital operates as a not-for-profit facility providing essential care for elderly and complex-needs residents in the community.
The installation of the hoists significantly improves the level of care provided to residents, particularly those with complex or bariatric needs. They allow the residents to be transferred safely and comfortably, ensuring movements are stable, smooth, and dignified. They also help minimise the risk of skin tears, bruising, and other injuries during transfers, while reducing physical strain on both residents and caregivers.

Lloyd Morgan Trustee profile

Megan England – LMLCCT Trustee 202D

I am completing my first year as a Trustee and am looking forward to continuing to serve for another year of my 2 year term.

I have been a member of the Eltham Lions Club for 20 years and have enjoyed contributing at club, district, and multiple district levels. My leadership journey within Lions began as GLT Coordinator, followed by District Secretary, before serving as District Governor in 2021–22. I was then honoured to be selected as Council Chair, a role I thoroughly enjoyed. I remain actively involved at the Multiple District level as a member of the Council Advisory Board, while also continuing to serve on my District Cabinet and within my local club.

Having recently retired from my role as a school principal, I often find myself wondering how I ever managed to fit paid employment around my volunteer commitments.

I am the District Trustee on the Lions Skin Cancer Trust and editor of our District bulletin.

This year I will serve a year as our club secretary. In addition to my Lions roles, I am Trustee on a local Youth Etown Trust which supports the young people in our town.

I am also a proud grandparent to three grandchildren, with the eldest recently celebrating their third birthday.

Being a Lion has been an immensely rewarding part of my life, and I hope to continue giving back to my community and supporting others in whatever way I can.
